

## NGO promotes education

**A GERMAN NGO, Christian Help Work for African Association, has assisted 30 needy pupils with school uniforms and sandals at Akim Ayirebi, in the Birim North District of the Eastern Region.**

The NGO is also paying the school fees, the cost of their text books and medical bills.

Rev Alfred Osei-Poku, International Director of the organisation, announced this when he presented the uniforms to the children at a ceremony at Akim Ayirebi.

Miss Linda Ahenkora, Administrative Secretary of the organisation, urged the pupils to learn their lessons seriously and read more books during their leisure hours.
